

After close to a century of technological innovation and consistent quality

Tsubaki once again takes roller chain to the next level. Introducing Tsubaki's PerforMax™ Bushings,* the science behind Tsubaki. Just one more component in Tsubaki's extended life chain's patented lubrication system. Thanks to PerforMax Bushings, Tsubaki long life chain means effectively twice the Tsubaki chain for the same money. For more information on how Tsubaki can be your link to success,

Effectively, Tsubaki Chain has Twice the Life.

While other companies may be content with a chain that meets minimum standards, the exclusive PerforMax™ Bushings' one-piece construction sets the new benchmark for long life.

- Lower Operating Costs – reliable, dependable performance
- Reduced Downtime – long life maximizes performance time
- Increased Productivity – more power from the same size chain

PerforMax Bushings

Tsubaki PerforMax™ Bushings mean increased performance and greater flexibility.

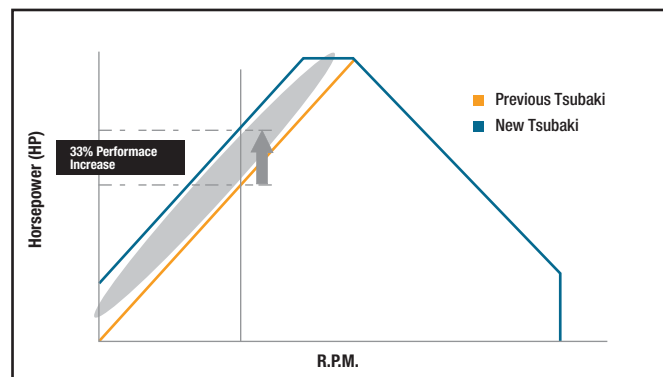

Our Latest Innovation — Tsubaki PerforMax™ Bushings.

Advanced technology allows us to combine the reliability of a solid bushing with our patented lube groove on the inner surface. Available in sizes RS80 to RS140, you get outstanding performance in your application.

Delivering 33% More Horsepower.

Now, increase your performance without increasing chain size thanks to Tsubaki RS Chain. Rated 33% higher horsepower (sizes RS80 to RS240) compared to previous Tsubaki chain, you now may be able to get the same performance from a smaller chain depending on the application — at a lower cost. That's Tsubaki innovation in motion.
