

Tsubaki Advantage Success Story

Application No.:	4794
Industry:	Food-app
Application Name:	#3213 Soya grain vertical conveyor
Issue:	Chain undersized for application causing frequent failures and lost production.
Tsubaki Solution:	Upon review of application details, it was determined that the OEM supplied Webster chain was undersized. A standard WHX155 Welded Steel Chain was suggested at a significantly reduced purchase price. Chain was in operation for a total of 818 days versus the previous 520 days. The extra life with the decreased cost resulted in a \$84,003.83 cost savings
Cost Saving:	\$84,003.82
Product Type:	WHX155
