

Tsubaki Advantage Success Stories

Application No.	6765
Industry	CONSTRUCTION-Aggregate
Application Name	Drill Rig KSP Hydraulic Booms Retrofit
Issue	Customer was using large spiral wrap product to protect cables which was digging into the cables and causing failure.
Tsubaki Solution	Replace spiral wrap with steel cable carrier for more controlled movement. Suitable for outdoor application. This has resulted in Major drilling retro fitting 12 rigs per year with the intention of retrofitting every rig in their fleet.
Cost Savings	\$12,500.00 annually
Product Type	Kabelschlepp-Kabelschlepp
