

Tsubaki Advantage Success Stories

Application No.	6436
Industry	FOOD-Food Processing
Application Name	600E Tunnel
Issue	Chain Elongation and Pin Rotation
Tsubaki Solution	OEM supplied chain experienced rapid elongation and pin rotation resulting in replacement every year at a cost of \$39,000. Tsubaki offered an upgraded option of the chain that included precipitation-hardened stainless steel to address the elongation and spun-riveted pins to address the pin rotations. This doubled the life of the chain to 2 years (760 days) and resulted in a cost saving of \$23,637.13.
Cost Savings	\$23,637.13
