

Tsubaki Advantage Success Stories

Application No.	7589
Industry	FOOD-Food Processing
Application Name	Ice Cream Main Bed Drive
Issue	The 80SS 304 was only lasting 2 weeks and elongating
Tsubaki Solution	Due to high corrosive washdown, SS was required in the application. The customer over the years has increased production hours and speed on the line. This meant the 80SS was under sized. The customer was looking for a solution. Tsubaki recently launched our Super SS line. Super Stainless Steel offers great corrosion resistance while providing the same strength as carbon steel chain. We supplied the super ss and life increased from 2 weeks to 12 months.
Cost Savings	\$8,607
Product Type	SuperSS
