

## Tsubaki Advantage Success Stories

<b>Application No.</b>	4730
<b>Industry</b>	Food, Bakery
<b>Application Name</b>	Oven - Griddle 2
<b>Issue</b>	<p>A customer had salvaged a piece of equipment utilizing the competitor's C2062 roller chain with special A-1 attachments in parallel strands. The chain was exposed to high internal temperature that can reach 500 degrees Fahrenheit, which affected the chain performance. The chain on this high temp, low-cycle count application lasted for 8 years due to fatigue that led to fractured links and sidebars.</p>
<b>Tsubaki Solution</b>	<p>Tsubaki provided a premium, double pitch chain supplied as Matched &amp; Tagged in accordance with the application's specified lengths directly from the factory. Tsubaki's chain design accounts for superior material and hardening specifications in order to provide customers with durable, long-lasting product for optimal performance. The Tsubaki chain was installed in February of 2014 and is still operational. To date, changing to Tsubaki has yielded customer a cost savings of almost \$6k and counting.</p>
<b>Cost Savings</b>	\$5,717.50
<b>Product Type</b>	C2060H W/Special WA1 Attachments Every 4 <sup>th</sup> Pitch.
