

Tsubaki Advantage Success Stories

Application No.	4576
Industry	FORESTRY Sawmill
Application Name	Sorter Drive
Issue	<p>The customer was using a cut strand of RS140 roller chain on their drop sorter drive. This chain was routinely changed out every 6 months due to elongation.</p> <p>Access to the drive is difficult therefore it is difficult for maintenance to access for manually lubrication.</p>
Tsubaki Solution	<p>To address lack of lubrication on the drive, Tsubaki recommended 140LAMBDA series drive chain.</p> <p>The upgrade resulted in a life increase from 182 to 1071 days and \$6329.68 in cost savings.</p>
Cost Savings	6,329.68
Product Type	Lambda chain- Lambda Drive
