

Tsubaki Advantage Success Stories

Application No.	4815
Industry	METAL PROCESSING-Aluminum
Application Name	Bridge Crane (Main horizontal carrier)
Issue	Original carrier supplied by OEM had become worn over time. The cable carrier could no longer self-support due to broken links, collapsed on itself and had begun to drag causing increased wear. After plant safety inspection, it was decided that the carrier needed to be replaced.
Tsubaki Solution	Customer initially approached the original equipment supplier for quote on competitive Brevetti brand cable carrier from Italy. Tsubaki Kabelschlepp won the bid being several thousand dollars cheaper and offering local service and support.
Cost Savings	\$3,368.00
Product Type	Kabelschlepp-Kabelschlepp
